BEFORE THE  
BONNEVILLE POWER ADMINISTRATION

2007 WHOLESALE POWER RATE )  
ADJUSTMENT PROCEEDING ) BPA Docket WP-07

**BONNEVILLE POWER ADMINISTRATION'S MOTION TO CLARIFY  
MOTION TO AMEND ORDER ESTABLISHING SCHEDULE**

On February 8, 2006, Bonneville Power Administration (BPA) filed a Motion to Amend Order Establishing Schedule in order to allow for a supplemental process.

WP-07-M-15. As a professional courtesy, BPA shared a draft of the motion with Rate Case Parties prior to filing. The Motion was discussed in the context of a settlement conference where some Parties were concerned with the feasibility of BPA's proposed schedule for the supplemental process, and BPA amended the draft Motion to request a scheduling conference on February 16, 2006.

At the settlement conference, BPA asked the Parties if any of them had any objections to the Motion and it was BPA's understanding at that time that the only concern was with the proposed schedule. Based on this understanding, BPA's Motion contained the statement: "The Rate Case Parties that have commented on the Motion indicated that they are not opposed to the Motion, but requested that a scheduling conference be held on February 16, 2006." It has since come to BPA's attention that one of the Parties was not comfortable with this assertion. Hence, BPA now requests that its Motion be amended by striking the previously-cited sentence and replacing it with the following sentence: "Most of the Rate Case Parties that have commented on the Motion

indicated that they are not opposed to the Motion, but requested a scheduling conference be held on February 16, 2006."

Accordingly, BPA respectfully requests that the Hearing Officer grant this Motion and recognize this amendment to BPA's Motion.

DATED this 13<sup>th</sup> day of February, 2006.

Respectfully submitted,

**\s\ Todd E. Miller**
